How to Join Epsom College Malaysia

Welcome to Epsom College Malaysia

Mrs Avis Parker is the sixth Head of School at Epsom College Malaysia, starting in April 2025, following 30 years in education including 14 years spent in Malaysia. Her passion for pastoral care and its impact on academic achievement has led her to various leadership roles in top schools in Malaysia. With expertise in teaching History and Geography across various key stages in both the UK and Malaysia, Mrs Parker has also contributed to School Improvement and Government Policy for a major Local Authority in the UK. Here she shares her vision, values and expectations of what an Epsom education should deliver.

It is with great pleasure that I welcome you to Epsom College Malaysia.

As Head of School, it is a privilege to lead a community that aspires to be Asia's leading international school - delivering a world-class British education enriched by Asian heritage and values.

At Epsom College Malaysia, our mission is clear: to nurture capable and principled young people through a powerful combination of British academic excellence, holistic development, strong pastoral care, and a deep respect for Asian values. We believe that success lies not only in top exam results, but in the cultivation of kindness, integrity, and ambition with purpose.

Our 50-acre boarding campus, located just 15 minutes from the airport and under an hour from the vibrant capital city of Kuala Lumpur, offers the best of both worlds: the calm and space of a true boarding environment, and the inspiration and opportunity that come from being close to one of Asia's most dynamic cities.

Epsom's strength lies in its people - our passionate educators, our dedicated staff, and, of course, our bright, curious, and ambitious students. Together, we foster a culture where every child is seen, supported, and valued.

Through rigorous academic learning, rich co-curricular experiences, and a deeply embedded pastoral structure, we prepare students not just for university, but for life. Our values - Kindness, Integrity, Ambition with Purpose, Excellence, Opportunity for All, and Navigating Tomorrow - guide everything we do, ensuring our students develop into confident, thoughtful, and globally-minded individuals.

Whether your child is just beginning their educational journey or preparing for the next chapter as a global citizen, Epsom College Malaysia offers a warm, inspiring, and forward-thinking home in which to grow.

I warmly invite you to visit us, meet our students and staff, and experience first-hand the vibrant spirit and strong values that define the Epsom community.

Welcome to Epsom.

With very best wishes,

Mrs Avis Parker, Head of School
Epsom College Malaysia

Why Choose Epsom College Malaysia?

Choosing the right school is one of the most important decisions a family will make. Beyond rankings, results and glossy prospectuses, what truly sets a school apart is its heart - its people, its purpose, and the values that shape every experience.

At Epsom College Malaysia, everything we do is guided by our commitment to nurture capable, principled young people who are ready to lead lives of meaning and purpose. As the only sister school to Epsom College UK, we bring nearly 200 years of British boarding excellence to Asia - enriched by deep respect for Asian heritage, values, and global perspective.

We are proud to be more than a school - we are a thriving, inclusive community. Within our 50-acre boarding campus, your child will find the time and space to grow, explore, and thrive. Supported by passionate educators, experienced pastoral teams and vibrant peers from around the world, our students are encouraged to take risks, embrace challenges and celebrate both success and failure as part of the learning journey.

Our vision is bold: To be Asia's leading international school delivering a world-class British education enriched by Asian values. But more than that, we believe in kindness, integrity and ambition with purpose - values that permeate every lesson, every relationship, and every decision we make.

Academic rigour is central to our mission, but never at the expense of wellbeing or personal growth. Our curriculum is intentionally broad and enriching. We offer over 150 co-curricular activities per term alongside a strong emphasis on leadership, creativity, service, and global citizenship. Students are known and celebrated as individuals - supported to discover their passions and equipped to navigate tomorrow with confidence and compassion.

This is what makes Epsom different: a community rooted in tradition but focused on the future. A place where excellence is expected, opportunity is created, and every child is seen, heard and empowered to become their best self.

OUR VISION

To be Asia's leading international school, delivering a world-class British education enriched by Asian heritage and values.

OUR MISSION

We are committed to nurturing capable and principled young people by combining British academic excellence with holistic development, strong pastoral care, and a deep respect for Asian heritage. Within a warm and inclusive school community, we cultivate kindness, integrity, and ambition to prepare our students for purposeful and impactful lives in a global society.

OUR CORE VALUES

KINDNESS

We foster a culture of empathy, compassion, and respect, where every individual feels seen, supported, and valued.

INTEGRITY

We uphold honesty, responsibility, and ethical behaviour in all aspects of school life, encouraging students to do what is right even when it is difficult.

AMBITION WITH PURPOSE

We inspire students to set high aspirations, work diligently, and pursue meaningful goals with confidence, humility, and determination.

EXCELLENCE

We champion perseverance, self-improvement, and a growth mindset as the foundation for lifelong learning and success.

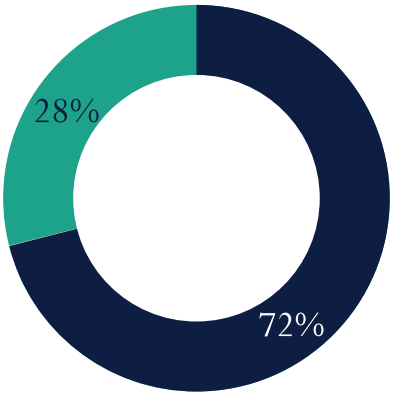

OPPORTUNITY FOR ALL

We open doors to exceptional education by embracing diversity and providing meaningful support to students from all backgrounds.

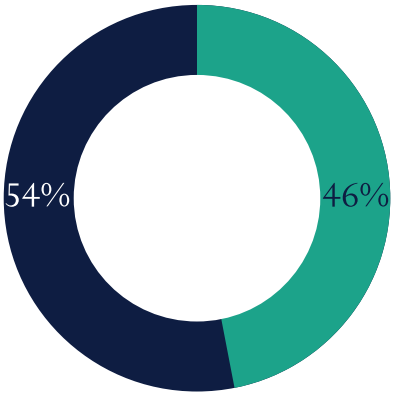

NAVIGATING TOMORROW

We cultivate curiosity, creativity, and the confidence to explore, adapt, and lead in a changing world.

Plus, we have two ITF-standard indoor, covered red clay tennis courts on campus - making Epsom the only place in Southeast Asia to enjoy such a leading facility.

One Global School, Two Campuses

Epsom College Malaysia continues the legacy of its UK home school, built on the same values of kindness, ambition and integrity - a true extension of Epsom's global vision.

HOW WE STARTED

Founded in 1855, Epsom College UK is one of the most respected independent schools in the United Kingdom, with nearly 200 years of heritage in British boarding education. Originally established as The Royal Medical Benevolent College to support the orphaned children of medical professionals, Epsom continues to nurture generations of compassionate, high-achieving individuals.

Patroned by Her Majesty Queen Victoria at opening, the College has every reigning monarch as its patron and His Majesty King Charles III is its current patron. Epsom College UK has earned numerous accolades, including:

- Independent School of the Year and winner of the Student Wellbeing Award for 2022-2023 (Independent School Parent magazine)
- School of the Year in South East England (The Sunday Times)
- UK's Most Improved School 2024 (Parent Power Awards)

FROM THE UK TO MALAYSIA

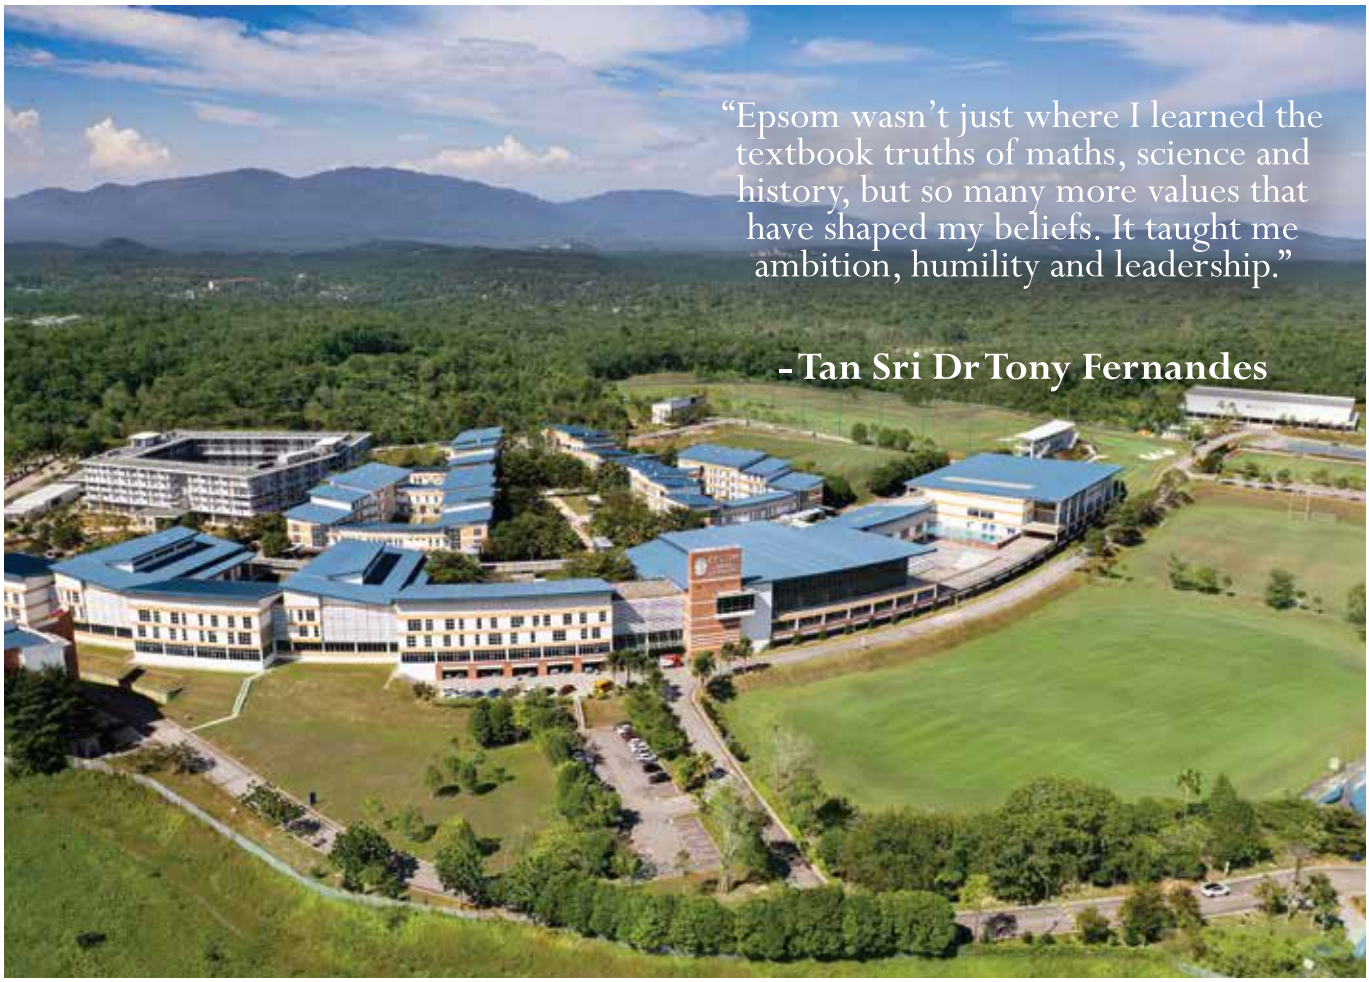

In **2014, Epsom College Malaysia** was co-founded by **Tan Sri Dr Tony Fernandes**, who to this date serves as the **Sole Chair of the Board of Governors.** A proud alumnus of Epsom College UK, Tan Sri Dr Tony was inspired to bring the transformative education he experienced to benefit the students in Southeast Asia and beyond.

A SHARED VISION: STRONG TIES BETWEEN CAMPUSES

The two campuses operate as one global school, sharing:

- Common values and governing bodies
- Frequent leadership visits and collaborations
- Student and staff exchanges
- Planned Sixth Form gap year opportunities
- Aligned academic programmes and enrichment initiatives

This close relationship ensures a seamless global educational experience, while celebrating the unique cultural context of each campus.

"Epsom wasn't just where I learned the textbook truths of maths, science and history, but so many more values that have shaped my beliefs. It taught me ambition, humility and leadership."
- Tan Sri Dr Tony Fernandes

Award Winning Pastoral Care

At Epsom, pastoral care means more than just support - it means building character, fostering empathy, and ensuring that no child is ever left behind. It means family.

Epsom College Malaysia is **one of only six schools** worldwide to be awarded Double Beacon Status by **COBIS** (Council of British International Schools), out of more than 450 member schools globally.

The prestigious Double Beacons were awarded for **Student Welfare** and **Leadership in the School**. These recognitions affirm our deep commitment to nurturing student wellbeing, enriching leadership opportunities, and fostering a strong pastoral ethos where every student is seen, supported, and celebrated.

THE TUTOR SYSTEM

At the heart of our pastoral provision is the Tutor System. Each student is placed into a tutor group and sees their tutor almost every day. Tutors build positive relationships with their tutees, offering academic guidance and pastoral support while getting to know each child as an individual.
This daily contact ensures that tutors can provide encouragement, monitor progress, and intervene early if challenges arise.

For our youngest learners in the Prep School, this same ethos of individual care is embedded through their class teachers and teaching assistants, supported by multiple subject specialists. This structure ensures that each child has dedicated adults who know them well, while benefiting from specialist expertise that enriches their learning and development.

Uniquely, Epsom benefits from both a vertical system through the Houses - which fosters belonging across age groups - and a horizontal system through tutor groups, which provides age-specific care. This dual structure ensures that every child feels both part of a family and part of a peer group, with consistent, personalised guidance at every stage of their journey.

THE HOUSE SYSTEM

Every student - whether day or boarding - belongs to a House. A House is more than a building: it is a family, a home, and a source of pride. Students develop loyalty and belonging that lasts long after they leave Epsom.

In the Prep School, our dedicated Prep House system introduces children to this spirit of community from the very start. Through its vertically integrated structure, students form close bonds across year groups, creating a warm environment where younger learners build confidence, friendships, and values that prepare them for the transition into Senior School.

House life is enriched by a calendar of competitions and events, from sport to music, debating to drama, chess to mathematics. These activities are more than contests: they are opportunities to build confidence, teamwork, resilience, and camaraderie, preparing students to be well-rounded individuals who take pride in their House and in their school.

Positive Wellbeing

Our approach to wellbeing focuses on prevention rather than cure, helping your child make the right choices for a happier, more fulfilled life.

The focus of wellbeing within schools has been the support available should something go wrong. Of course, it is vital that the best possible support is in place, but we want to give every child the best chance to avoid ever needing that level of support or intervention.

We call it 'Positive Wellbeing' - an approach that develops good decision making, resilience, emotional intelligence, and peer support.

The aim is to support your child in making the right choices, choices that will help them to avoid some of the potential traps that lie in wait during the teenage years. And if they do occasionally make mistakes, we want to have helped them develop their character so that they can face adversity with strength, resilience, and positivity.

We include wellbeing in all aspects of your child's education and co-curricular activities. Students gain the tools to deal with challenges as and when they arise, and we encourage them to become cheerleaders for themselves and their peers.

CHARACTER EDUCATION

An integral part of wellbeing is our focus on **Character Education**, embedded within the PSHE (Personal, Social, Health, and Economic education) curriculum and across the wider school.

We aim not only to maximise exam results, but also to prepare students for successful, happy, and meaningful lives.

To do this, we help students to develop:

- **Intellectual virtues**: autonomy, curiosity, critical thinking, reflection, resourcefulness.
- **Moral virtues**: honesty, integrity, compassion, gratitude, humility, respect, justice.
- **Civic virtues**: citizenship, community awareness, service, volunteering, global responsibility.
- **Performance virtues**: resilience, confidence, motivation, leadership, teamwork, determination.

This structured, values-led education ensures our students grow into principled, thoughtful leaders.

A POSITIVE ENVIRONMENT

At Epsom, education extends far beyond the classroom. With over 150 co-curricular activities, clubs, and societies every term, students are encouraged to explore new interests, take risks, and discover their passions.

Teachers and coaches are trained to safeguard and support, spotting early warning signs and stepping in with positive, targeted help when needed. What makes Epsom unique is that the same teacher who explains quadratic equations in the morning might be coaching football or leading a music rehearsal in the afternoon. This means staff see students in multiple contexts, building deeper relationships and supporting them in a truly holistic way.

The extended Epsom day and breadth of curriculum allow us to understand each student as a whole person, helping them to flourish in and out of the classroom.

WHOLE-SCHOOL SUPPORT

Pastoral care at Epsom is a whole-school responsibility. Every adult – from teachers to matrons, librarians to grounds staff – plays a role in ensuring the safety, wellbeing, and growth of our students.

Daily care comes through a network of Housemasters, Housemistresses, matrons, and tutors. In the Prep School, pastoral care is more intimate still, led directly by the Head of Prep and Deputy Head, who ensure every child receives individual attention within a nurturing, small-school environment. Across the Senior School, Heads of Key Stage oversee both academic progress and personal development, supported by a dedicated Pastoral and Safeguarding Team.

If additional support is ever needed, our in-house counsellor and external specialists provide professional expertise, ensuring that students always have access to the care they require.

At Epsom, no child is ever left behind or left unknown. We take the time to understand each student's strengths, learning styles, challenges and successes. If your child stumbles, literally or figuratively, Epsom is there to lift them up.

Outstanding Results

An Epsom education is a springboard to incredible things. Inside and outside the classroom, we guide, support and encourage students to discover new ideas, hidden talents and untold opportunities.

Over the last 12 years in Malaysia, we have overseen a steady rise in academic standards at Epsom. The focus has been to build a supportive culture that celebrates ambition and success. Students are given opportunities to try new things, push new thinking and learn the art of failing well. We aim to encourage all our students to aim high, find joy in learning, and see that real 'outstanding results' are rarely just about exam grades.

This past year, thanks to our students' incredible hard work, focus and dedication, results are just as impressive:

2025 A-LEVELS RESULTS

- 74% of students achieved GRADES A*-B
- 56% of students achieved GRADES A*-A

- **83%** A*/A in Computer Science
- **77%** A*/A in Further Mathematics
- **66%** A*/A in Mathematics
- **63%** A*/A in Economics
- **62%** A*/A in Physics
- **100%** A*/A in Mandarin
- **66%** A*/A in Geography
- **82%** A*/A in EPQ

2025 IGCSE RESULTS

- 82% of students achieved GRADES A*-B
- 61% of students achieved GRADES A*-A

- **97%** A*-A in Biology
- **94%** A*-A in Physics and Chemistry
- **78%** A*-A in Mathematics
- **100%** A*-A in First Language Mandarin Chinese
- **50%** A*-A in English as a First Language

LEAVERS' DESTINATIONS

Our Sixth Form is an important bridge to higher education. Our dedicated Sixth Form and Higher Education teams provide students with one-to-one mentoring for applications to UK, US and international universities, as well as specialist support for aspiring Medics and Oxbridge candidates

Over the past few years:

- **Oxford** and **6 consecutive years** of students receiving **Cambridge** offers
- **50% matriculated in Top 10 UK universities** including G5 and Russell Group universities and institutions such as **University of Cambridge, Imperial College, UCL, LSE, and Manchester**
- **60%** pursuing STEM subjects including Science, Medicine, Engineering, Technology and Medicine
- **17%** gained admission to prestigious US universities - including **Stanford, Brown, UC Berkeley, UCLA, and USC**
- **16%** secured places at leading QS World-ranked Asian universities - such as **NUS, University of Hong Kong, Waseda, and Peking University**

UNIVERSITY COUNSELLING & GUIDANCE

From Discovery to Destination: A Tailored Journey to Global Universities

At Epsom, university guidance begins early and grows progressively. It is embedded across a student's academic journey and becomes more focused as they approach the Sixth Form. Our structured approach empowers students to make informed decisions, pursue ambitious goals, and secure places at leading universities around the world.

KEY STAGE 3 (YEARS 7 TO 9): *EXPLORATION AND AWARENESS*

YEAR 7

- Identify interests, strengths, and areas for growth
- Develop essential soft skills such as confidence, public speaking, writing, and critical thinking
- Strengthen AI learning and practical application

YEAR 8

- Explore career possibilities and higher education pathways
- Match passions and skill sets to potential future opportunities

YEAR 9

- Connect academic choices to long-term goals
- Begin the IGCSE subject selection process
- Participate in early work experience and real-world exposure

KEY STAGE 4 (YEARS 10–11): *FOUNDATION & PREPARATION*

YEAR 10

- Begin profiling students based on interests, strengths, and extracurricular activities
- Introduce benchmarking assessments and experience logs
- Early exposure to subject relevance for future university courses

YEAR 11

- Guide students through A-Level subject selection aligned with intended degree pathways
- Discuss potential careers and university destinations
- Start building personal portfolios and academic resumes

KEY STAGE 5 (YEARS 12–13):
APPLICATION & STRATEGY

YEAR 12

- Intensive preparation begins for competitive university admissions (UK, US, global)
- Specialist guidance for:
  - **Oxbridge** and **Medical School** candidates
  - **Russell Group, Ivy League** and other elite institutions
- Aptitude test and interview preparation
- Access to internship opportunities, especially in medical and research fields
- Personal statement and UCAS guidance

YEAR 13:

- Submit university applications with personalised support
- One-on-one interview coaching with subject specialists and alumni
- Visa, accommodation and transition support for overseas study
- Final preparations and emotional readiness for university life

WHY EPSOM'S GUIDANCE STANDS OUT

- Open-door policy with experienced Higher Education advisors
- Elite tutors and mentors, including Oxbridge graduates
- Full UCAS, IELTS and SAT support Tailored subject selection guidance
- Internship placement assistance via strong industry network
- Personalised academic tutoring throughout Sixth Form
- Enriched curriculum with options like EPQ and Core Skills

Endless Opportunities

The benefit of a boarding environment, in 50 acres of private grounds, is that Epsom can offer so much more than top grades alone. Our expansive co-curricular programme offers endless opportunities for our students, preparing them for their future within and beyond Epsom.

CLUBS AND ACTIVITIES

Each week, students can choose from over 150 co-curricular clubs and activities, led by professional coaches and dedicated staff. Whether it's gardening, pottery, dance or astronomy, there's something for everyone, and every day of the week is packed with opportunity.

At Epsom, we don't believe in putting students into boxes or asking them to do so themselves. That's why our programme offers a mix of free-choice clubs and a carousel of rotating experiences, encouraging students to discover new interests and skills.

In various year groups, students step into leadership roles, mentoring younger peers, directing drama productions or leading academic societies.

If a student's passion isn't yet represented, they're empowered to launch their own society. Recent student-led initiatives include Medical Review Society, Business & Economics Society, Culture Society, Humanities Society, Arts Society and Film Society, Debating Society and many more.

Many of our clubs also provide the chance to shine on a larger stage, with participation in national and international competitions, including the Math Olympiads, World Scholars' Cup, Round Square and the Duke of Edinburgh's International Award.

ON-STAGE AND BEHIND THE SCENES

Four impressive large-scale productions are performed each year - with professional lighting, sets and sound.

In recent years, **Aladdin, Oliver! Jr., We Will Rock You,** and **Mamma Mia!** have entertained sell-out crowds.

Whether centre-stage, backstage or in the pit, all students can get involved - last year, over 100 students helped make our shows spectacular.

MUSICAL EXCELLENCE

Music is central to the all-round ethos of the College and large numbers of students are involved in music each week. Elite choirs and ensembles represent Epsom at venues across Malaysia and overseas.

Our Prep School students benefit from compulsory music lessons, with a choice among violin, cello, flute, and saxophone. Prep School co-curricular activities offerings include choir, orchestra, and many more.

Our Senior School students can enjoy orchestral opportunities - from full orchestra, symphony, strings, to choral, and pop/rock bands.

Private lessons are available in 13 different instruments and voice lessons.

- Piano
- Violin
- Cello
- Viola
- Double bass
- Flute
- Oboe
- Saxophone
- Drum
- Classic guitar
- Electronic guitar
- Opera voice lessons
- Pop voice

Preparing for the Real World

Epsom College Malaysia prepares future leaders through global talks, real-world internships, AI integration and leadership opportunities, equipping our students with the confidence to thrive at Epsom and far beyond.

GUEST SPEAKERS AND CULTURAL HIGHLIGHTS

- EPSOM LIVE TALK SERIES

The College welcomes guest speakers, performers and notable people from art, culture, academia and politics to the College. These range from politicians, top economists, actors, musicians, heroes and heroines, diplomats and entrepreneurs.

Students and parents are invited to a range of talks from some of the world's household names in their respective fields including:

- Former Prime Minister of Malaysia *- Tun Dr Mahathir*
- President & Group CEO of Petronas *- Tan Sri Tengku Taufik*
- Winner of Asian Film Awards in Leading Actress and musician, director, and producer *- Susan Lankester*
- High Commissioner of Singapore to Malaysia *- His Excellency Vanu Gopala Menon*
- Former Minister of International Trade & Industry of Malaysia *- Tan Sri Rafidah Aziz*
- Head of Global Management of Airbus in Southeast Asia *- David Dufrenois*
- Professor of Finance at the Asia School of Business (with MIT Sloan), National University of Singapore, and SC Johnson College of Business, Cornell University *- Professor Joseph Cherian*
- Best-selling author, former Epsom UK Headmaster *- Sir Anthony Seldon*
- Managing Director of Microsoft Malaysia *- Laurence Si*

INTERNSHIP OPPORTUNITIES

Epsom College Malaysia actively engages its extensive industry network to support student learning, future pathways, and success. This feeds into students' university application process, providing real and ample first-hand experience that can be some of the best ingredients in their narratives.

- Medicine
- Marketing, Engineering, and HR
- Law
- Finance
- Hospitality
- Computer Science

LEADERSHIP OPPORTUNITIES

In Prep School, students can be ambassadors and House Captains, ambassadors in Sustainability, Language, Kindness, event hosts, and more.

The leadership opportunities expand further in Senior School, to Key Stage Ambassadors, Buddies, Society Leaders, Prefects, including Head of College and Heads of Houses.

Students can also choose to participate in the Duke of Edinburgh International Award (DofE), which is designed to develop our students' leadership, teamwork and resilience - with the DofE Award also requiring students to volunteer their time to local initiatives.

TECHNOLOGY & AI AT EPSOM COLLEGE MALAYSIA - SKILLS FOR THE FUTURE

Technology is not just a subject at Epsom - it is a language, a mindset, and a tool for innovation. Our AI and digital literacy programme is carefully designed to evolve with the developmental stages of our students, ensuring every child is equipped with the skills to thrive in a fast-changing, technology-driven world.

Years 1-2: Foundational Skills

Curiosity, play, safety, and fairness.

- What is AI? (Stories, toys, and chatbots)
- Truth vs. Pretend (Bias & Representation)

Years 3-4: Developing Independence

Awareness of AI's limits, beginnings of critical thinking.

- Creativity & Ownership
  (Use of AI for drawing or story ideas)
- Misinformation, Stereotypes, & Deepfakes
- Structured prompting using RAFT
  (Role, Audience, Format, Topic)

Years 5-6: System-Level Thinking

Responsibility, creativity, and questioning AI.

- Surveillance & Privacy (What AI remembers)
- Consent & Data Use (What's safe to share)
- Design Thinking with AI
  (Creativity and Ideation)

Years 7-9: Ethical Awareness

Trust, fairness, and safe use of AI.

- Bias & Representation
  (Spotting stereotypes in outputs)
- Misinformation & Deepfakes
  (Fact vs. fiction challenges)
- Fact-checking workflow with AI
  (generate - verify - reflect)

Years 10-11: AI and Society

Focus: Real-world applications, risks, and responsibilities.

- Labour, Creativity & Ownership
- Surveillance & Power (Predictive policing)
- Skill: Using AI for research synthesis

Years 12-13: Futures & Leadership

Complex decisions, leadership, and shaping AI's future.

- Ethical Frameworks & Global Inequality
- Responsible Innovation & Crisis Simulation
- AI-assisted scenario modelling

Across all year groups, digital fluency is embedded into the curriculum - not just as a technical skill, but as a vehicle for creativity, critical thinking, and responsible citizenship. Through hands-on learning, students at Epsom are empowered not only to use technology, but to understand and shape it with purpose.

Academic Excellence Meets Elite Sports

Epsom College Malaysia offers a unique and powerful combination of academic excellence and high-performance sports. Our campus is home to world-class sports academies in tennis, golf, and football, allowing students to excel both in the classroom and on the field.

MOURATOGLOU ACADEMY MALAYSIA AT EPSOM COLLEGE MALAYSIA

In an exclusive partnership with Patrick Mouratoglou, renowned coach of Serena Williams and founder of the Mouratoglou Academy in France, Epsom College Malaysia is proud to host the first international Mouratoglou Tennis + school model in the world.

Our world-class tennis facilities include:

- 11 ITF compliant courts
- 7 Australian Open surfaced courts
- 2 US Open surfaced courts
- 4 indoor covered courts
- 2 red clay courts
  (the only ones in Southeast Asia)
- All courts are ITF-compliant and purpose-built for performance and competition

GOLFZON LEADBETTER ACADEMY AT EPSOM COLLEGE MALAYSIA

The GOLFZON Leadbetter Academy at Epsom College Malaysia delivers an elite, fully integrated golf development programme led by PGA-certified professional coaches, including an Asia Coach of the Year. Designed for aspiring high-performance student-athletes, the Academy provides daily training within a purpose-built, on-campus environment that supports technical excellence, physical conditioning and competitive readiness. Student-athletes benefit from exclusive facilities that include:

- A dedicated 30 bay driving range
- Putting and chipping greens
- Bunker zones and golf simulators

Student-athletes also train twice weekly at a championship-level 18-hole golf course just 8 minutes from campus, gaining real-course experience under expert guidance.

LALIGA ACADEMY MALAYSIA AT EPSOM COLLEGE MALAYSIA

In partnership with LALIGA, one of the world's most prestigious football leagues, this academy combines elite sports coaching with Epsom's British academic rigour. Our students train under a UEFA Pro-certified coach, licensed by the Royal Spanish Football Federation (R.F.E.F.), who holds a Master's degree in education and brings extensive experience coaching both youth and professional footballers.

From tactical understanding to peak physical performance, students are immersed in the high standards of Spanish football training while continuing their academic journey at Epsom.

SPORT FOR ALL

A winning combination of elite performance and participation for all positions, Epsom will position ourselves as a top school for sport in Southeast Asia.

The spread of ages, and strength in both boys' and girls' sport reflects Epsom's sustained strategic focus on sport for all.

All students, not just the elite sports academies, benefit from the College's first-class facilities and the guidance of some of the region's top coaches, many of whom played their sport at international and national level.

The guiding ethos is to fuel passion for sport in every child, regardless of ability, and to set the foundations for a healthy, active and fulfilling lifestyle beyond school.

SPORTSMANSHIP AND COMPETITION

Epsom offers a number of sports across various capabilities and capacities, spanning from elite to co-curricular levels. This means that every child has the chance to find something they enjoy and the opportunity to represent their school in competitive fixtures. Our students represent the College throughout Southeast Asia regularly, and all students get a sense of what it is like to compete as part of a team - learning to win well and lose with grace.

COMPETITIVE SPORTS AND EVENTS

Epsom College Malaysia is part of multiple sports leagues in Malaysia and Southeast Asia and is actively involved in a wide range of competitive sporting leagues and associations, offering students numerous opportunities to represent the school at local, national, and international levels.

LEAGUES AND ASSOCIATIONS:

- FOBISIA (Federation of British International Schools in Asia)
- KLSL (Kuala Lumpur Sports League)
- AIMS (Association of International Malaysian Schools)
- MSSN (Majlis Sukan Sekolah-sekolah Negeri)

- Netball
- Badminton

RECREATIONAL SPORTS

These are developmental or recreational activities that are informal and do not currently have fixtures:

- Squash
- Touch Rugby
- Ultimate Frisbee
- Table Tennis
- Pickleball

Our 50-acre campus is home to world-class sports facilities that provide students with the perfect environment to excel in a range of activities. These include:

- 10 badminton courts
- 2 basketball courts
- Indoor hockey court
- Astroturf hockey pitch
- Volleyball court
- Swimming pool
- Indoor Sports Hall
- Rugby pitch
- Cricket pitch
- Athletics grounds
- Sports pavilion
- Fitness centre
- 3 professional squash courts

TENNIS:

- 11-court tennis complex, ITF compliant
- 4 indoor covered courts
- 2 red clay courts, only in Southeast Asia.
- 7 Australian Open fit and 2 US Open fit surface courts

GOLF:

- 250-metre driving range with wedge targets
- 30 hitting bays
- Fairway green
- 800 sqm putting green
- 2 sand bunkers
- 500 sqm chipping green

FOOTBALL:

- FIFA-certified 4G Astroturf pitch
- VEO camera technology offers enhanced performance analysis and feedback

Our Youngest Students in Prep School

Our Prep School is a welcoming home where childhood is cherished, potential is nurtured, and every child is encouraged to grow with joy and confidence.

A WORLD OF WONDER BEGINS HERE

Welcome to the Prep School at Epsom College Malaysia, where young minds embark on a journey filled with discovery, joy, and purposeful learning. Our Prep School offers a rich and dynamic environment for children aged 3 to 11, laying the foundations for a lifetime of success.

From the Early Years Foundation Stage (EYFS) through to Year 6, we nurture each child with warmth, high expectations, and opportunity. Through a curriculum rooted in the British National Curriculum and guided by UK-trained educators, our students develop resilience, creativity, confidence, and curiosity.

THE ENGLISH MANDARIN IMMERSION PROGRAMME (EMIP)

From Year 1, families may opt into EMIP - a bilingual academic pathway with 50% of the curriculum taught in Mandarin and 50% in English. This track develops high language proficiency, intercultural fluency, and deep academic understanding.

Students may join EMIP in later years (up to Year 2) if they meet language expectations.

THE EPSOM EXPERIENCE: ACADEMIC, ARTISTIC, AND ACTIVE

We have taken great care to create an academic offering and co-curricular programme that provides the perfect transition between Prep and Senior School. Your child will enjoy a carefully curated soft-landing that gradually integrates them fully into life at Senior School.

With leadership opportunities from day one, a host of 150 clubs, activities and sports to get stuck into, and a curriculum designed to equip students with knowledge and skills to take them far beyond Epsom, your child will be stretched, supported and safe in an environment that is as much about community and friendship as it is success.

Every child benefits from:

- **Daily guided reading and literacy development**
- **Embedded AI programme** from Year 1, developing digital literacy, ethical awareness, and problem-solving
- **A bilingual curriculum** with daily Mandarin instruction and the opportunity to enrol into our English Mandarin Immersion Programme (EMIP)
- **Specialist teaching** in Music, PE, Languages, and Design Technology
- **Individualised pathways** that include language support and advanced academic support
- **Compulsory music tuition** (violin, cello, piano, saxophone)

LEADERSHIP FROM THE START

Leadership and responsibility are woven into the daily lives of our Prep students. From classroom monitors to sustainability ambassadors, every child has the opportunity to lead, advocate, and shape their community.

Roles include:

- Reading Ambassador
- Environmental Leader
- House Captains
- Event Host & Presenter

THE PREP SCHOOL DAY

In line with the rest of the College, Prep School starts at 8.15am with registration. Then lessons begin. Lessons - each period lasting 50 minutes - start at 8.45am. Everyday, academic lessons end at 3.05pm, when students take part in co-curricular activities. On Fridays, Assemblies are attended by our families and enjoy the sense of community and celebration.

- Academic lessons: 8.45am to 3.05pm
- Co-Curricular Activities (CCAs): 3.10pm to 3.55pm (within timetable)
- Enrichment Clubs (Years 4-6): 4.00pm to 4.50pm on Tuesday - Thursday

A RICH CO-CURRICULAR LIFE

Children at Epsom discover passions beyond the classroom through our vibrant CCA and enrichment programme. With over 150 clubs per term College-wide, Prep School students enjoy:

- Sports & Games
- Music & Performing Arts
- Creative Arts & Design
- Environmental & STEM clubs
- Languages, Chess, Coding and more

HOME LEARNING: BALANCED AND MEANINGFUL

We value rest, family, and exploration. Homework is purposeful with a strong emphasis on daily reading, musical prowess, and meaningful extension of learning. Our approach allows students to thrive academically while enjoying a full and balanced life.

WHERE BRIGHT FUTURES BEGIN

The Prep School at Epsom College Malaysia offers the perfect blend of tradition and innovation, academic challenge and pastoral care. It is a joyful place where children are seen, heard, and celebrated.

We invite you to explore how your child can thrive at Epsom - a school where learning is full of wonder, and every student is equipped to shine.

Our Senior School

Starting at Key Stage 3-5 IGCSE to Sixth Form, our Senior School is where curiosity deepens, ambitions take shape and every student is supported to grow into confident, capable young adults ready for the world beyond.

KEY STAGE 3 (YEARS 7-9)

We have carefully designed our academic and co-curricular programmes to create the perfect transition between Prep School and Senior School. Your child will enjoy a thoughtfully structured soft landing that gradually integrates them into the full rhythm of life at Epsom College Malaysia.

From the very beginning, students are offered leadership opportunities and access to over 150 clubs, activities and sports per term. The curriculum is designed to stretch and support them while nurturing a strong sense of community, friendship and personal growth. It equips students with the knowledge, skills and character that will serve them well beyond their years at Epsom.

Students will explore a wide range of subjects in an engaging and supportive environment, with tailored EAL support provided where needed. Year 7 and 8 students participate in bonding trips that combine outdoor education with innovative themes such as Artificial Intelligence. Year 9 students take part in a mandatory overseas expedition, typically to the UK, Japan or East Malaysia, as part of our outdoor education programme.

At the end of Year 9, students begin the process of selecting their IGCSE subjects, laying the foundation for the next academic stage.

Every student can receive personalised academic support through a dedicated tutor who helps them track progress, set meaningful goals and refine effective learning strategies. Regular meetings with tutors empower students to take ownership of their academic journey.

KEY STAGE 4 (YEARS 10 AND 11)

The IGCSE years mark a crucial phase in a student's academic journey. At Epsom, we offer a range of personalised pathways that cater to individual interests, abilities and ambitions.

Students may choose between five and eleven IGCSE subjects depending on their preferences, academic strengths and long-term goals.

Students can also benefit from a personalised approach through a blend of IGCSE subjects and BTEC qualifications. With a broad spectrum of disciplines and guided support from staff, students are encouraged to explore, focus and prepare for the rigours of Sixth Form study and beyond. For more details, please scan the QR code on this page to access the IGCSE booklet.

KEY STAGE 5 (YEARS 12 AND 13)

The Sixth Form years represent the pinnacle of the Epsom experience. Whether moving up from our own Year 11 or joining us from another school, students enter a transformative two-year programme that combines academic ambition, personal growth and leadership development.

With nearly 200 students across both year groups, the Sixth Form offers a dynamic yet close-knit community.

Most students study three A-Level subjects, though some may opt for four.

We offer 21 subjects at A-Level. As part of our A-Level pathway, students may choose subjects that include BTEC qualifications, offering a more applied, coursework-focused learning experience with reduced emphasis on final examinations, alongside the opportunity to pursue IB Diploma courses through the International Baccalaureate Career-related Programme. For full details, please scan the QR code on this page.

OUTSIDE THE CLASSROOM

All students have the opportunity to lead a lively intellectual life outside of the classroom. Everyone takes an option from our Core Curriculum, which includes the Extended Project Qualification (EPQ), English, Core Maths, and the International Certificate for Digital Literacy.

In addition – the Sixth Form curriculum allows time for students to take part in the College's extensive co-curricular activities including world-class sports academies and music, or undertake their Duke of Edinburgh Gold Award.

DEVELOPING EXPERIENCE AND LEADERSHIP

At Epsom, the Prefect system offers students valuable leadership opportunities. Extended to students in Year 13, Prefects play a key role in representing the student body and are encouraged to take initiative through self-organised student governance.

Leadership roles include the Head of College, Deputy Head, and Prefects representing various areas such as social events, international student affairs, and each individual House. Through these roles, students develop confidence, communication, and responsibility - key skills that serve them well beyond school.

The benefit of a longer day, and time on Saturdays, is that we can provide our students with ample opportunities to indulge their interests or discover new ones. Sports and music are a big part of the College, but our extensive co-curricular programme aims to stretch minds as much as muscles.

Our co-curricular programme gives Sixth Form students the chance to cement their position as leaders and senior members of the College community. The opportunities are there to lead groups, clubs and societies. You can mentor younger students, and help to lead sessions or direct performances and productions.

A number of student-led societies started this way, including Medical Review Society, Business & Economics Society, Culture Society, Humanities Society, Arts Society and Film Society, and many more.

The Benefits of Boarding

Boarding at Epsom offers a home where students are cared for, challenged and inspired, giving them the structure, friendships and opportunities to flourish both personally and academically.

A HOME AWAY FROM HOME WITH AWARD-WINNING PASTORAL CARE

At Epsom, boarding is much more than just a room and a bed. It is a vibrant, supportive community where students live, learn and grow together. Our boarding programme offers a structured yet nurturing environment that helps young people build independence, confidence and lifelong friendships.

We are proud to hold Double Beacon Status from the Council of British International Schools (COBIS) - a recognition of our excellence in both Student Welfare and Leadership in the school. This places Epsom among a select group of leading international schools worldwide.

A FAMILY FOR LIFE

Boarding at Epsom creates a sense of belonging that extends beyond the boarding house and lasts well beyond a student's time at school. It is a true home away from home - a family in every sense.

Students learn essential life skills that prepare them for university and adulthood:

- Self-discipline and time management
- Cultural exposure and diversity
- Communication and conflict resolution
- Emotional intelligence and self-awareness
- Respect, kindness and inclusivity

HOUSE LIFE AND COMMUNITY

From Year 7, every student - whether a boarder or day student - becomes part of one of our eight single-sex houses. These are real homes within the school where students:

- Relax and unwind with friends
- Share meals and snacks
- Complete homework and revision
- Receive academic and emotional support

Each house is led by a dedicated team of adults, including a Housemaster or Housemistress, Assistant Housemaster or Housemistress, Matron or Steward, and a group of tutors - typically seven adults per house at any given time. This ensures that every student receives the wraparound care and pastoral support they need during their teenage years.

STRUCTURE, SPACE AND SUPPORT

Boarding gives students the space and structure to thrive. With supervised study sessions, a supportive peer environment and easy access to school facilities, students make the most of every hour in the day - whether it's early morning training in the pool, evening revision in the common room, or weekend downtime with friends.

WHY FAMILIES CHOOSE TO BOARD

Families choose boarding for many reasons. For some, it offers a practical solution to busy family schedules. For others, it is the most effective way to benefit from everything Epsom has to offer - from academic support to elite sports training.

Regardless of the reason, boarding at Epsom provides a stable, enriching and empowering environment that helps students grow into confident, capable and compassionate young adults.

FLEXIBLE, FAMILY-FIRST APPROACH

We know that parents and families lead busy lives - often juggling two jobs with long commutes or time out of the country. That's why our weekly boarding is designed with today's family in mind. For many it's the perfect solution - less time spent commuting - plus:

- Prep Time: Dedicated time and support for homework supervised by teachers (the subject specialists)
- All meals are provided, including snacks
- Time is spent with friends, with all the facilities our College offers
- Our overnight 'no device policy' promotes better digital hygiene

BEST OF BOTH WORLDS - WEEKDAY BOARDING PROGRAMME

Extended only to residents of Malaysia and select surrounding countries, our weekly boarding programme offers families the best of both worlds - structured independence during the week and the comfort of home on weekends.

When you do manage to get some downtime, we know you want the flexibility to see your children at times that suit you. Theatre trips, big fixtures, family meals, or just some quality time together.

That's why we are happy for parents of weekly boarders to choose if they want their child to sleep at the College or at home on any given weekend.

"Boarding at Epsom gives your child access to everything we have, round-the-clock. By removing the commute there's more time with friends, to relax, use our facilities and study with the support of our teachers."

How to Join Epsom College Malaysia

Whether you want to take a look around or register your child, we would love to welcome you to Epsom. Here's what to do next.

TAKE A LOOK AROUND

The best way to truly get a feel for your child's next school is to walk the grounds, meet the students, and chat to the teachers and parents who make up the community. You can visit us by arranging a private College Tour or attending one of our Open Days.

OPEN DAYS

Open Days are our flagship events, with departmental showcases, bigger crowds and a talk from the Head of School. These take place once a term on a Saturday morning and you have the chance to see all classrooms, departments and sporting facilities, alongside the Prep School, and a Senior School boarding house. There are also opportunities to have one-on-one consultations with many of the specialist teachers on hand, including our sports coaches.

COLLEGE TOURS

College Tours are smaller and take place on weekday throughout the year. You will see the school on a normal working day - with lessons rather than showcases.

BOARDING TASTER PROGRAMMES

For students in Year 5 and up who are new to the idea of boarding, we offer taster week.
In this 5-7 day immersive programme, candidate students can be immersed in life as a boarder at Epsom College Malaysia, attend Year Group specific classes with assigned buddies, participate in daily CCAs and weekday and weekend boarding activities. All participants are required to sit our Entrance Test with an application and are invited on select taster weeks throughout the academic year.

ADMISSIONS AT EPSOM COLLEGE MALAYSIA

Supporting Every Child's Journey to Success

At Epsom, we believe that every child is unique, with their own strengths, interests and aspirations. Our admissions process is designed to be thoughtful, personalised and stress-free for both the child and their family. It reflects our commitment to understanding each applicant as an individual and ensuring they are set up for success from the very beginning.

We aim to place every student in the right environment, one that challenges, supports and inspires them to thrive. Admissions at Epsom is not simply a matter of acceptance. It is a meaningful process that allows us to get to know each student and identify the best ways to support their growth and development.

EYFS TO YEAR 3 (AGES 3 TO 7)

At this early stage, we focus on potential, curiosity and enthusiasm. We want every child to feel welcome, confident and excited to learn. Our process is warm, gentle and designed to help us understand how a child will thrive within our learning community.

Admissions Process

- **Application**: Families share details about the child's background, interests, and personality
- **Interview**: Shortlisted applicants are invited for a friendly meeting with leaders of the Prep School
- **Engagement**: Depending on age and readiness, children may be invited to spend time at Epsom, engaging with teachers and peers in a safe, supportive environment

YEAR 4 TO YEAR 12 (AGES 8 TO 17)

From Year 4 onwards, students are assessed using a consistent and comprehensive process that helps us understand their academic ability, readiness and potential. While the assessment structure is the same across all levels, we provide additional support for language development in Years 7 to 9 to ensure a smooth transition into the senior school environment.

For students entering Year 10, who are beginning their IGCSE journey, we pay close attention to academic fit and motivation. Sixth Form applicants to join Year 12 are evaluated based on a combination of academic performance, subject readiness and personal character.

Admissions Process

- **Application**: Families submit academic records, school reports and a profile of the child's interests and achievements
- **Assessment**: All applicants take our Entrance Test, which includes a computerised baseline assessment, an English proficiency test and a short written essay
- **Engagement**: Shortlisted students are invited for an interview with the Head of Prep or relevant Heads of Key Stage and encouraged to visit the College to experience school life firsthand

KEY ENTRY POINTS

Year 4 to Year 6

We look for children who are curious, enthusiastic and ready to grow. These years lay the foundation for confidence and academic independence.

Year 7 to Year 9

A critical transition into Senior School. Students at this stage benefit from a strong academic structure and language support where needed, as they build the foundations for future study.

Year 10

As students begin their IGCSE programme, we seek learners who are academically prepared and motivated. A clear sense of direction and readiness for more rigorous study is key.

Year 12 (Sixth Form)

Our Sixth Form is a launchpad to global university pathways. We look for students who demonstrate academic excellence, subject-specific strength, intellectual curiosity and a readiness to take greater ownership of their learning and personal development. Entry is based on official examination results and an IGCSE-equivalent qualification, which is required for progression to A-Level - widely recognised as the gold standard for university admission worldwide.

SCHOLARSHIPS

Generously supported by the ECM Libra Foundation, Epsom is honoured to offer a range of scholarship opportunities for outstanding students. **For full details, please visit: www.ecmlibrafoundations.com/all-scholarships**

A-Level Scholarships (Year 12 Entry)

Students applying to join Epsom in **Year 12** are assessed during **Year 11**. Academic scholarships are awarded based on:

- IGCSE mock examination results
- Recent school reports
- Performance in the Epsom Scholarship Interview

Partial scholarships of up to **50% of Full Boarding Programme fees are available.**

FAST TRACK A-LEVEL PROGRAMME FOR SPM LEAVERS

This is an **18-month accelerated A-Level programme** for students who have completed the **SPM (Malaysia's national secondary school leaving examination).**

- Applications for both school and scholarship required
- Mock SPM results are required
- 100% scholarships are awarded to eligible students based on criteria

SPORTS SCHOLARSHIPS

Scholarship opportunities are available for elite student-athletes in:

- **Tennis**
  (Mouratoglou Academy Malaysia at Epsom College Malaysia)
- **Golf**
  (GOLFZON Leadbetter Academy at Epsom College Malaysia)
- **Football**
  (LALIGA Academy Malaysia at Epsom College Malaysia)

These awards are based on competitive performance, skill level and the ability to balance sport and academics.

For further information please go to: **www.epsomcollege.edu.my,** or reach out to our Admissions Office at **+606 2404 188** or **WhatsApp at +6016 226 7831**
