EXEAT CARE:

Every term there are one or two EXEAT weekends. This is a weekend where full boarders are able to return home to family, or stay with a guardian. We understand that it may not be possible for some full boarding students to return home or leave school during EXEAT weekends, therefore we offer EXEAT care in school.

Boarders who will be staying at Epsom during the Exeat holidays can inform their respective boarding house staff. Rest assured that Exeat is only charged if utilised by the student. This service is not free or included in the boarding fee.

A termly non-refundable retainer fee will be charged if Exeat Care is needed and utilised during the term and the retainer fee that will be charged is as follows:

Term 1: RM400

Term 2: RM300

Term 3: RM300

Please note:

We are unable to offer Exeat Care to international students who have not signed this Exeat Care agreement.

An additional fee of RM200 per day will be charged for care and accommodation on the days the service is used. This fee will be invoiced as and when Exeat Care is utilised.

You are not required to pay immediately. Kindly wait for the Finance Team to issue you an invoice. You can pay later once you have received the invoice.
